

Refund Policy – 2017 / 2018

Parents and Guardians are advised that once a child has:

- Registered with the Joondalup Little Athletics Centre;

It is not possible to refund the Child's registration fee if they then decide to withdraw their child from the Centre.

Children can participate in one training session without registering in order to gauge their interest in cross country little athletics. If parents or guardians are concerned that their child may not want to commit to little athletics, then they are encouraged to let their child participate in one training session before committing to registration and paying the relevant registration fee.
